

**Aggressive driving contributes to 6,800,000 crashes and 1,500 deaths annually! Don't let your employees become a statistic. Stop aggressive driving with Emotional Wreck. Watch as the narrator rides with the characters and cajoles them to swerve, tailgate, run red lights, use the emergency lane and even become involved in road rage incidents. While many of us do not think we are an aggressive driver, this training will help you recognize actions you take but might not think are aggressive.**

**Topics include:**

- **Identification of emotional Driving Behavior**
- **Consequences of emotional Driving**
- **Prevention of Road Rage Incidents**
- **See beyond deadly psychological traps**
- **Apply safe driving practices**

**This interactive course helps you identify misconceptions associated with the proper operation of a vehicle and teaches adherence to state traffic laws. This training provides the tools necessary to modify emotional driving behavior and enhance safe driving skills.**
