

State of Utah

SPENCER J. COX
Governor

DEIDRE M. HENDERSON
Lieutenant Governor

Department of Government Operations
Division of Risk Management

MARVIN DODGE
Executive Director

RACHEL GEORGE TERRY
Division Director

April 2, 2024

We are writing to notify you that as of July 1, 2024, the Division of Risk Management will discontinue its Ergonomics program. Agencies will need to submit reimbursement requests by May 30th to be eligible for reimbursement. Requests received after May 30th will not be considered for reimbursement. Agencies wishing to have any ergonomic assessment performed are encouraged to schedule them as soon as possible to allow sufficient time to order any recommended equipment and complete the reimbursement process, as remaining resources permit, before the change goes into effect July 1st.

Regards,

Rachel G. Terry
Director/State Risk Manager
